# Welcome

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives. Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges. Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. We bring in eminent speakers with world-class expertise from various countries to enlighten our researchers and spark enthusiasm for research through our best conferences. These events provide a platform for effective collaborations on the latest research for the worldwide community. Our conferences include exceptional keynote speeches, interactive sessions, and lively debates on research and development in Medicine, Engineering, and Technology. ([click here for more](#))

## About Webinar

The **6<sup>th</sup> International Webinar on Cancer Research and Treatment** will be held on **November 27–28, 2026 (GMT +7)**, under the theme “**Integrating Clinical Excellence and Research Innovation for Better Cancer Outcomes.**” The webinar will bring together over 50 oncology professionals, offering rich opportunities for networking and collaboration. All participants will receive an e-certificate of attendance.

This event aims to facilitate in-depth discussions on cutting-edge technological and mechanistic developments in cancer research and their translation into clinical applications. Our mission is to unite leading international academics and clinicians in oncology to share knowledge, exchange insights on cancer treatment approaches, and promote collaborations that advance cancer research and patient care.
